

## Manual Oil Pumps

The **MAOP20** All-Purpose oil transfer pump is designed for dispensing most service fluids including engine, gear, transmission, hydraulic and some engine coolants from 20 - 25L drums. The **C7N-01** is a multi-purpose gear oil pump complete with a sliding bung adaptor to fit 15 - 25L containers. It is suitable for most service fluids. The **A2H** Multi-Purpose drum pump is the ideal pump for transferring a wide variety of fluids such as diesel fuel, lubricating oils and an extensive range of non-corrosive fluids.

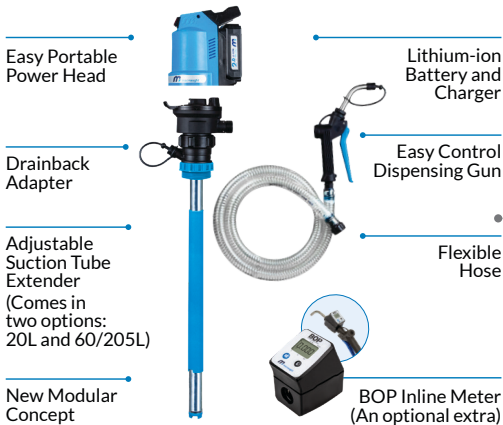

## LED Lighting

Discover the instantaneous illumination of the Macnaught rechargeable LED lights. Specially designed to deliver reliable and long lasting brightness anywhere, anytime.

## Grease Guns

The **POWERGUN™** 18V Li-ion battery powered grease gun is portable, durable and can move grease quickly at pressures up to 8,500 psi. Dispenses up to 12x grease cartridges per charge free flow. The **POWERGUN™** includes a smart carry case with a spare 18V Li-Ion battery and a 1 hour fast charger for continuous operation. The **FLEXIGUN® K29** has a heavy duty construction and unique short stroke function to be able to develop pressures up to 10,000 psi.

## Battery Operated Pumps

**BOP** is portable, rechargeable and suitable for multiple service fluid types. There are 20L and 60/205L Starter or Stem kits available to suit your needs.

## Retracta Reels

The **R3 Series** hose reel is renowned for unmatched performance, reliability and durability. The **C1 Series** is a new range designed for smaller spaces. The poly hose reels, barrier reels and electrical cable reels are 35% smaller than the R3 Series which make it ideal for compact applications. Both series have UV Stabilised, resistant poly cases and a 180° swivel bracket.

## Oil Cans

These **Lubemate Oil Cans** are heavy duty with a wide opening for fast pouring and easy cleaning. The **BOP** and **All-Purpose Oil Transfer Pump** can also be used on the 10L cans with the utility lid for your oil transfer needs.

## Waste Oil Solutions

The **6L Pneumatic and Manual Oil Extractor** is a 2 in 1 system which can be used to extract oil either pneumatically with the use of an air compressor or through manual operation by pumping the handle. The **C16-01 Suction Gun** is used to transfer most oils, new or used, in and out of enclosed gearboxes, differentials, transfer cases and engine sumps.

## Grease Couplers

The **KYPLUS Quick Release** safety coupler is a game changer in equipment maintenance. **KYPLUS** is more versatile, reliable, leak free and easy to use. There is also a **Lubemate Quick Release Grease coupler** with a unique lever and four jaw design ideally used under high pressure. These couplers are available with a short or long nose.

## PRODUCT SPECIFICATIONS

### Manual Oil Pumps

#### MAOP20 - All Purpose Oil Transfer Pump

- Suitable for oils up to SAE140 / ISO680 viscosity
- Used for engine, gear, transmission, hydraulic oils and pre-mixed engine coolants
- Delivers up to 75ml per stroke
- Check Valve ensures pump is almost always primed
- Drain-Back Facility - Guards against siphoning and spillage
- 1.8m Clear Delivery Hose - Easy identification of fluid being dispensed

#### C7N-01 - Multi-Purpose Gear Oil Pump, with Delivery Spout

- Compatible fluids and most service fluids - kerosene, two stroke mix, lubricating oils up to SAE140
- Built-in nozzle holder - Prevents spillage
- Supplied with 3 bung adaptors - Fits a wide range of different types of containers from 15-25L
- Fully serviceable - Longer service life

#### A2H - Multi-Purpose Lever Drum Pump

- Pump output: 250ml per stroke
- Drum adapter: 2" built-in
- 1.8m delivery hose
- Compatible fluids: Diesel, lubricating oils up to SAE90 and other non-corrosive solvents
- Drum bung opener integrated into pump head casting - No tools required to open new drums
- Telescopic suction tube - Adaptable to fit 60-205L drums
- Variable setting on handle - For light or heavy fluid handling
- Supplied with Nitrile (fitted), Viton and EPDM O-rings - For compatibility with different types of fluids and solvents

### LED Lighting

#### WL-SET350 - Rechargeable LED Multi-Function Work Light Set

- Multi-Function Work Light – Torch Base can be connected to either torch head, flexible inspection light or work light
- Aluminium housing and knurled handle providing perfect finish and super grip
- The torch body has a magnetic base that can be rigidly fixed onto any metal surface
- Max Output 350 Lumens
- Supplied with Hard moulded case

#### WL-IL400 - Rechargeable LED Inspection Light

- 2 x Adjustable Hooks for easy and sturdy hanging
- 2 x Strong Magnets on the back for flexible placements
- USB Charging Socket
- 180° Adjustable Handle for easy handling
- Main Light Max. 400 Lumens

#### WL-HL500 - Rechargeable LED Head Lamp

- Motion Sensor switch for easy activation by a wave of hand
- Aluminium face for better heat dissipation
- 60° Swivel for adjustable light positioning
- Glow in the dark locator
- Breathable and Adjustable Headband

### Grease Guns

#### PG450 - POWERGUN™ Battery Operated Grease Gun

- 90 min Quick charger
- Max pressure - 8500 psi
- 450 gram cartridge or bulk fill (400g options available)
- 2 x High Spec 18V Li ion battery packs included
- Up to 12x grease cartridges per charge free flow

#### K29 - FLEXIGUN® 450G Grease Gun

- Delivery pressure up to 68,900 kPa (10,000 psi)
- Flexible 300mm (12") high pressure extension hose
- KY SUPERGRIP™ 3 jaw high pressure coupler
- Up to 1.68g per shot
- 400g and 450g options available for contamination free greasing
- Reversible follower - For cartridge or bulk applications
- Fully repairable - Provides a much longer service life

### Retracta Reels

#### R3 Series

- UV Stabilised & resistant poly case
- ProGlide high wear resistant mouth
- Light weight & easy to handle
- Serviceable & repairable
- Available – Air/Water, Oil, Grease, Hot/Cold water, High Pressure, Garden, LPG, Oxy/LPG, Oxy/Acet, Argon

#### C1 Series

- UV Stabilised & resistant poly case
- 180° swivel bracket
- 3 position swivel locking
- 1.5m feed hose included
- 35% smaller than the R3 series
- Available – Air/Water, Garden, Hot/Cold Water, Electrical, Barrier

### Safety Grease Couplers

#### KYPLUS Safety Grease Coupler

- Built in hydraulic pressure relief (KYPLUS only)
- Available in BSP, NPT and M10X1(F) inlets
- Max pressure 10,000 psi (68,900 kPa)
- Original Floating jaw design for leak free positive seal
- Quick & easy release mechanism enabling one handed operation

#### Lubemate Quick Release Grease Coupler

- Unique lever and four jaw design
- Develops pressure up to 10,000 psi
- Also available in Extra long size for hard to reach grease nipples

### Waste Oil Equipment

#### L-OE6PM - 6L Pneumatic & Manual Oil Extractor

- Quick and easy fluid extraction using Pneumatic or Manual Operation
- Large polypropylene tank is designed to hold up to 6L of oil at temperatures of 100°C
- Integrated pressure relief switch for safe pressure release
- Two probes and extension for fluid removal through the oil fill tube
- Easy pour top spout for easy disposal Muffler for gas and vapor dissipation under compression
- Includes Footstep for stability

#### C16-01 - Suction Gun

- Pump output: 500ml per stroke
- 300mm long delivery tube
- Compatible fluids - Oils up to SAE140
- Steel barrel - Durable construction

#### L-ODP16 - Oil Drain Pan

- Low profile to fit under vehicles
- 16L Capacity large enough for most applications
- Large pour spout for less mess
- Anti spill spout cap
- Built-in Anti splash lip and baffles

### Oil Cans

#### Oil Cans

- Heavy Duty Construction
- Available in 3 sizes (3L, 5L and 10L) and fit any Lubemate Spout Type
- Wide opening for fast pouring and easy cleaning
- See through to make it easy to check oil levels when in use

#### Spout Types

- Designed to suit the Lubemate Oil Cans
- Available in Black, Red, Green, Yellow and Blue colour
- Comes in 4 different types Stretch spout, Mini spout, Stout spout and Utility lid
- Ultra robust construction, will not warp, leak, bend or break
- Safe and easy dispensing with On/Off switch on lid

### BOP - Battery Operated Pump

- Suitable for engine oil, gear oil, hydraulic oil (oils up to SAE140 viscosity), automatic transmission fluid (ATF) and engine coolant
- 18V rechargeable 2.0Ah lithium-ion battery
- 1 hour fast charge
- Up to 105 litres per charge
- Modular Power Head - a single Power Head for multiple pump stems
- Drain-back Valve & Nozzle Holder - To catch and collect gun residue
