

RETRACTA R3 SERIES HOT WATER HOSE REELS

The R3 Series are industrial strength poly hose reels, built here in Australia. Manufactured in high impact polypropylene, our legendary R3 hose reel is renowned for unmatched performance, reliability and durability. The Hot Water Reel is ideal for applications requiring high temperature water and pressure for cleaning or preparation.

High Temperature PVC hose rated to 85°C

ProGlide high wear resistant mouth

180° Galvanised steel swivel mounting bracket

UV Stabilised & impact resistant poly case

TECHNICAL SPECIFICATIONS

Case Colour	Red	
Part Number	HW415R-01	HW420R-01
RACR Part Number	HWC420R-01	
Hose Size (ID)	1/2" (12mm)	
Hose Length	15m	20m
Hose Colour	White	
Reel Inlet	1/2" BSPT (F)	
Hose Outlet	1/2" BSP (M)	
Hose Material	High Temperature PVC	
Working Pressure	290 psi at 20°C 100 psi at 80°C	
Max Temperature	85°C	

Applications:

Cleaning food processing area and equipment in meat, poultry, confectionery and dairy. Hot water wash down areas including bars, clubs, commercial kitchen and service centre.

FEATURES AND BENEFITS

- UV Stabilised & impact resistant poly case.
- Designed and manufactured in Australia.
- ProGlide high wear resistant mouth.
- Advanced spring technology.
- 180° Galvanised steel swivel mounting bracket.
- Light weight & easy to handle.
- High Temperature PVC hose with bend restrictors.
- Maximum pressure 290 psi at 20°C, 100 psi at 80°C.
- Maximum temperature 85°C.
- Extremely reliable for hot water application.
- RACR - Retractable Adjustable Control Return system available.
- Fully serviceable.

PACKAGE INCLUDES

- Hose Reel - Hot Water
- Locking Bracket (Locks reel in position at 90°)
- Fixing hardware not included.
