

RETRACTA R3 SERIES COLD WATER HOSE REELS

The R3 Series are industrial strength poly hose reels, built here in Australia. Manufactured in high impact polypropylene, our legendary R3 hose reel is renowned for unmatched performance, reliability and durability. The Cold Water Reel is ideal for industrial applications requiring cold water delivery using a brass quick connect fitting.

Premium reinforced PVC hose with brass hose connector and quick connect nozzle

ProGlide high wear resistant mouth

180° Galvanised steel swivel mounting bracket

UV Stabilised & impact resistant poly case

TECHNICAL SPECIFICATIONS

Case Colour	Blue
Part Number	CW420B-01
RACR Part Number	CWC420B-01
Hose Size (ID)	12mm (1/2")
Hose Length	20m
Hose Colour	White <input type="radio"/>
Reel Inlet	1/2" BSPT (F)
Hose Outlet	1/2" Brass Quick Connector (F)
Hose Material	Premium Reinforced PVC
Working Pressure	150 psi
Max Temperature	60°C

Applications:
Food and Industrial wash down application. Outdoor, Garden and Horticultural.

FEATURES AND BENEFITS

- UV Stabilised & impact resistant poly case.
- Designed and manufactured in Australia.
- ProGlide high wear resistant mouth.
- Advanced spring technology.
- 180° Galvanised steel swivel mounting bracket.
- Light weight & easy to handle.
- Premium reinforced PVC hose with brass hose connector and quick connect nozzle.
- Maximum pressure 150 psi.
- RACR - Retractable Adjustable Control Return system available.
- Fully serviceable.

PACKAGE INCLUDES

- Hose Reel - Cold Water
- Locking Bracket (Locks reel in position at 90°)
- Adjustable spray nozzle
- Fixing hardware not included*
