

RETRACTA R3 SERIES HIGH PRESSURE HOSE REELS

The R3 Series are industrial strength poly hose reels, built here in Australia. Manufactured in high impact polypropylene, our legendary R3 hose reel is renowned for unmatched performance, reliability and durability. The high pressure reel is coupled with a two layer wire reinforced synthetic rubber hose industrial strength hose reel case ensuring complete confidence in high pressure water delivery.

Two layer high tensile steel braid reinforced synthetic rubber hose

ProGlide high wear resistant mouth

180° Galvanised steel swivel mounting bracket

UV Stabilised & impact resistant poly case

TECHNICAL SPECIFICATIONS

Case Colour	Red
Part Number	HP320R-01
Hose Size (ID)	3/8" (10mm)
Hose Length	20m
Hose Colour	Black O
Reel Inlet	3/8" BSPT (F)
Hose Outlet	3/8" BSPT (M)
Hose Material	Two layer wire reinforced synthetic rubber
Working Pressure	3000 psi
Max Temperature	95°C

Applications:

Outdoor high pressure cleaning, industrial cleaning, car wash.

FEATURES AND BENEFITS

UV Stabilised & impact resistant poly case.

Designed and manufactured in Australia.

ProGlide high wear resistant mouth.

Advanced spring technology.

180° Galvanised steel swivel mounting bracket.

Light weight & easy to handle.

Two layer wire reinforced synthetic rubber hose.

Maximum pressure 3000 psi.

Maximum temperature 85° C.

The ultimate in high pressure water delivery.

Fully serviceable.

PACKAGE INCLUDES

Hose Reel - High Pressure

Locking Bracket (Locks reel in position at 90°)

Fixing hardware not included.
