

RETRACTA R3 SERIES GREASE HOSE REELS

The R3 Series are industrial strength poly hose reels, built here in Australia. Manufactured in high impact polypropylene, our legendary R3 hose reel is renowned for unmatched performance, reliability and durability. The Grease Reel is ideal for most industries and can reach a maximum pressure of 5000 psi for reliability and performance.

Two layer high tensile steel braid reinforced synthetic rubber hose (SAE 100R2)

ProGlide high wear resistant mouth

180° Galvanised steel swivel mounting bracket

UV Stabilised & impact resistant poly case

TECHNICAL SPECIFICATIONS

Case Colour	Black
Part Number	GR215K-01
Hose Size (ID)	1/4" (6mm)
Hose Length	15m
Hose Colour	Black ○
Reel Inlet	1/4" NPT (F)
Hose Outlet	1/4" BSPT (M)
Hose Material	Two Layer Wire Reinforced Synthetic Rubber (SAE 100R2)
Working Pressure	5000 psi
Max Temperature	100°C

Applications:
Suitable for use across all industries.

FEATURES AND BENEFITS

- UV Stabilised & impact resistant poly case.
- Designed and manufactured in Australia.
- ProGlide high wear resistant mouth.
- Advanced spring technology.
- 180° Galvanised steel swivel mounting bracket.
- Light weight & easy to handle.
- Two layer high tensile steel braid reinforced synthetic rubber hose (SAE 100R2).
- Maximum pressure 5000 psi.
- Fully serviceable.

PACKAGE INCLUDES

- Hose Reel - Grease
- Locking Bracket (Locks reel in position at 90°)
- Fixing hardware not included.
