

RETRACTA R3 SERIES ARGON HOSE REELS

The R3 Series are industrial strength poly hose reels, built here in Australia. Manufactured in high impact polypropylene, our legendary R3 hose reel is renowned for unmatched performance, reliability and durability. The Argon reel is supplied with a 20m hose, made from reinforced rubber compliant to AS 1335 to ensure outstanding support in the welding environment specifically to handle Argon.

Gas hose made from reinforced rubber compliant to AS 1335

ProGlide high wear resistant mouth

180° Galvanised steel swivel mounting bracket

UV Stabilised & impact resistant poly case

TECHNICAL SPECIFICATIONS

Case Colour	Dark Grey
Part Number	ARG220D-04
Hose Size (ID)	5mm (3/16")
Hose Length	20m
Hose Colour	Black O
Reel Inlet	Gas Thread UNF (M)
Hose Outlet	Gas Thread UNF (F)
Hose Material	Reinforced Rubber (AS 1335)
Working Pressure	200 psi
Max Temperature	60°C

Applications:

Service Bays/Garages, Manufacturing/Fabrication Shops, Construction, Welding Carts, Shipyards, Transport Service.

FEATURES AND BENEFITS

- UV Stabilised & impact resistant poly case.
- Designed and manufactured in Australia.
- ProGlide high wear resistant mouth.
- Advanced spring technology.
- 180° Galvanised steel swivel mounting bracket.
- Light weight & easy to handle.
- Gas hose made from reinforced rubber compliant to AS 1335.
- Maximum working pressure 200 psi.
- Fully serviceable.

PACKAGE INCLUDES

- Hose Reel - Argon
- Locking Bracket (Locks reel in position at 90°)
- Fixing hardware not included.
