

RETRACTA R3 SERIES - COMPRESSED AIR/ WATER HOSE REELS – F.R.A.S.

The R3 Series are industrial strength poly hose reels, built here in Australia. Manufactured in high impact polypropylene, our legendary R3 hose reel is renowned for unmatched performance, reliability and durability. The F.R.A.S Fire resistant anti static hose reel features reinforced PVC hose with antic static property, and a reel constructed in polypropylene and brass, not aluminum.

Hybrid polymer hose

180° Galvanised steel swivel mounting bracket

ProGlide high wear resistant mouth

UV Stabilised & impact resistant poly case

TECHNICAL SPECIFICATIONS

Case Colour	Dark Grey
Part Number	FRAS415D-01
Hose Size (ID)	1/2" (12mm)
Hose Length	15m
Hose Colour	Yellow
Reel Inlet	1/2" BSPT (F)
Hose Outlet	1/2" BSPT (M)
Hose Material	Reinforced PVC (F.R.A.S.)
Working Pressure	300 psi
Max Temperature	60°C

FEATURES AND BENEFITS

UV Stabilised & impact resistant poly case.

Designed and manufactured in Australia.

ProGlide high wear resistant mouth.

Advanced spring technology.

180° Galvanised steel swivel mounting bracket.

Light weight & easy to handle.

Fire resistant anti static reinforced PVC hose.

Maximum working pressure 300 psi.

Reel constructed in polypropylene and brass, no aluminum.

Note, fire resistant anti static only applies to the hose and does not include the reel body.

Fully serviceable.

PACKAGE INCLUDES

Hose Reel – F.R.A.S.

Locking Bracket (Locks reel in position at 90°)

Fixing hardware not included.

Applications:

Food processing and food preparation. Hot water wash areas including bars, clubs and service centres.
